

## GIVEN HIGH PLACE IN THE U. R. K. OF P.

Samuel L. Trabue Appointed Major  
General of Uniform Rank of United  
States and Canada

### APPOINTMENT UNSOLICITED

Member of Major General's Staff  
Since 1911 With Rank of Colonel  
and Later Adjutant General

Samuel L. Trabue of this city has  
been appointed Major General of the  
Uniform Rank Knights of Pythias by  
Supreme Chancellor George C. Cab-  
bell, according to an official notice of  
the appointment received by him.

The appointment was made last  
Tuesday, August 19, and was im-  
mediately ratified by the Supreme  
lodge then in session at Toronto,  
Canada, but the formal notification  
was several days in reaching Mr.  
Trabue, although he knew the ap-  
pointment had been made because of  
the congratulatory telegrams he re-  
ceived.

The appointment came unsolicited  
and was a splendid compliment to  
General Trabue and is much appre-  
ciated by the members of Ivy Lodge,  
Knights of Pythias, Ivy Company, U.  
R. K. P., and Ivy Temple, Pythian  
Sisters, in which organizations he  
holds membership, as well as by his  
many friends and associates.

General Trabue has established the  
general headquarters with offices in  
the Farmers Trust Company building  
in this city and will remove the re-  
cords and supplies here from Grand  
Rapids, Michigan, as soon as the Su-  
preme Assembly finance committee  
audits the books and accounts of  
William H. Loomis, the retiring ma-  
jor general, in that city.

His commission is for a term of  
two years and the office carries a  
good salary and provides for office  
rent, traveling expenses and salary  
of a private secretary, which position  
has been accepted by Miss Leah  
Schatz of this city.

The duties of the office require him  
to visit the existing brigades in  
Maine, New Hampshire, Massachusetts,  
Connecticut, Pennsylvania,  
West Virginia, New York, Ohio, Michi-  
gan, Indiana, Kentucky, Illinois,  
Missouri, California, Washington and  
Oregon, and he hopes to organize  
brigades in other states as well as  
re-organize two or three brigades in  
Canada which were literally wiped out  
by the World War. These visitations  
will probably require him to spend  
about three months each year away  
from home but the trips will be so  
arranged as to avoid absence for any  
extended period of time on any one  
trip, with the possible exception of  
the western visit.

General Trabue has had wide ex-  
perience in fraternal military work  
having been knighted in Ivy Lodge  
Knights of Pythias and admitted to  
membership in Ivy Company U. R. K.  
P., in 1904. He served as first ser-  
geant under Capt. Geo. H. Caldwell  
from 1905 to 1907; chaplain of the  
Third Regiment of the Indiana Bri-  
gade from 1907 to 1911 with rank of  
captain; aide-de-camp with rank of  
colonel on the staff of Major General  
Arthur Stobbs 1911-12 and was  
commissioned as adjutant general  
with the rank of brigadier general on  
the staff of Major General Stobbs.  
Sept. 1, 1912, which position he has  
held continuously under Major Gen-  
eral Stobbs and Major General  
Perkins.

## MULES AND AUTOMOBILE MIX

Wagon Tongue Punches Through  
Windshield—No One Hurt

An automobile and a team of mules  
mixed this morning in West Third  
street, near the Havens school build-  
ing, when an automobile driven by  
Don DeBrook, 648 Hamilton Ave.,  
Indianapolis crashed into the team  
that was being driven out of the al-  
ley just east of the school.

The mules were driven by John  
Sefton, son of Charley Sefton of this  
county. The driver could not check  
the mules as they came out of the al-  
ley, and the tongue of the wagon went  
through the windshield of the ma-  
chine. The driver escaped without in-  
jury. The wagon tongue was broken  
off. Chief of Police Blackburn in-  
vestigated the accident, and held the  
parties blameless.

## SENT TO STATE FARM FOR DRIVING AUTO WHILE INTOXICATED

Frank Hutson, Jr., Begins Sentence  
for Driving Auto While Intoxicated

Frank Hutson, Jr., was arraigned  
in police court Saturday afternoon  
and pleaded guilty to a charge of  
driving an automobile while intoxi-  
cated, and was fined \$5 and costs  
and given a 30 day sentence at the  
state farm.

He was taken to the farm this  
morning to begin serving his term.  
He was arrested several nights ago  
and placed in jail, having been fined  
\$5 and costs on an intoxication  
charge, and for which he served the  
sentence in jail and was then ar-  
raigned on the other charge Saturday  
afternoon.

## UNION MEETING IS HELD AT COLISEUM

Threat Of Rain Keeps Many People  
Away From Sunday Evening  
Services At Memorial Park

### L. E. BROWN RETERS LEAVING

The Rev. L. E. Brown, pastor of  
the Main Street Christian church,  
delivered the sermon at the union  
services of Rushville churches at  
Memorial park coliseum Sunday  
evening, and a special musical program  
was provided by Cole's orchestra of  
the Christian church.

A late afternoon rain tended to  
cut down the attendance. Rain  
threatened until almost the hour of  
the services and kept many people  
away from the coliseum.

The Rev. Mr. Brown made a state-  
ment to his congregation Sunday  
morning, formally announcing his  
retirement as pastor on Sunday,  
September 28, to accept the pasto-  
rate of the Christian church at Wil-  
mington, O. He said that he was not  
leaving the Rushville church because  
he wanted to, but because he felt  
that he had a great opportunity for  
service at Wilmington, where the  
congregation has been divided, but  
has united in extending a call to him.

The Rev. Mr. Brown said that he  
treasured the friendships he had  
made here and he said that the pa-  
ronage was the best in which he  
had ever had the privilege to live.

The Rev. E. L. Wimmer, an hono-  
rary member of the Indiana confer-  
ence, preached Sunday morning at  
St. Paul's Methodist Episcopal  
church, and there were no serv-  
ices at the First Presbyterian church on  
account of the absence of the pas-  
tor on vacation.

## INDIANA INDUSTRIAL BOARD INVESTIGATES

Reported Constables are Preying on  
Threshers, Threatening Them With  
Arrest

### LACK OF INSURANCE THREAT

(By United Press)

Indianapolis, Ind., Aug. 25—The  
Indiana State Industrial board today  
started investigation of reports that  
constables from justices of the peace  
in Marion county, are approaching  
threshers throughout the state, with  
warrants for the arrest of managers,  
for failure to take out industrial in-  
surance in compliance with the state  
law.

The constables it is reported are  
also armed with insurance policies  
for the threshers, if he wishes to  
avoid arrest.

Constables get the names of the  
threshers without insurance from the  
files of the industrial board, it is  
said. Constables in some cases have  
ignored the fact that the threshers  
operate as a partnership and there-  
fore think they are exempt from the  
law.

Investigation of the activities of  
the constables was ordered after the  
arrest of a number of farmers in  
Wells and Bartholomew counties, had  
been brought to the board's attention.  
The Wells county farmers are  
scheduled for a hearing in Justice  
Rainey's court on August 30.

The council at the same time will

The sum to be paid off next year,  
in meeting bonds that fall due and  
paying interest on road bonds out-

debtedness of \$777,128.19 at the be-  
ginning of next year.

Noble township leads the townships  
with a bonded indebtedness for new  
roads of \$88,993.15 and Washington  
has the smallest indebtedness, this  
township's total debt being only \$1,-  
011.

Several of the townships are still  
unable to issue any bonds on ac-  
count of their indebtedness being over  
the legal two percent limit.

## MISSING ITALIAN AVIATOR IS FOUND

Lieut. Locatelli and Three Flying  
Companies Rescued by the U. S.  
S. Richmond

### DRIFTED AT LEAST 100 MILES

America's Around the World Fliers  
Are Just One Hop From North  
American Continent

On Board the U. S. S. Richmond,  
Aug. 24 (Delayed)—Lieut. Locatelli,  
the missing Italian aviator and his  
three flying companies were rescued  
by the Richmond at 11:32 tonight.

The American cruiser came upon the  
airmen 125 miles east of Cape  
Farewell, Greenland, and all were  
very fatigued from their harrowing  
experiences in the icy seas.

"Motor trouble forced us down,"  
Locatelli explained. "We made des-  
perate efforts to make the plane rise  
but it wouldn't do it. We have drift-  
ed, I figure, at least a hundred miles."

Halifax, N. S., Aug. 25—America's  
around the world airmen are just one  
hop from the North American con-  
tinent today as they pause to change  
motors at Iqviut, Greenland. The  
next flight will take them to Indian  
Harbor, Labrador.

The two fliers—Lieut. Lowell Smith  
and Lieut. Eric Nelson—arrived at  
Iqviut yesterday after a speedy, un-  
eventful trip from Fredericksdal. The  
fliers hopped off at 1:50 p. m. (Green-  
wich meantime) and arrived at Iqviut  
at 4:09 p. m. (G. M. T.). They  
flew low along the western coast of  
Greenland and kept a look out for a  
trace of Lieut. Locatelli, missing  
Italian pilot, but saw no signs of him.

"According to schedule the fliers  
are now just four jumps removed  
from home shores. From Iqviut they  
will sail to Indian Harbor, then  
down the eastern coast of North  
America with stops at Hawkes Bay,  
Pictou and Boston.

At Pictou the two airmen will be  
joined by Lieut. Leigh Wade, third  
member of the globe circling party.  
A new plane will be given to him at  
Pictou and he will finish the flight  
with his two comrades of the air.

### M'COY PLEADING HELD UP

self. Continuance of the argument  
asked by the defense attorneys was  
granted and Thursday at 9:30 a. m.  
was designated as the hour to plead.

## DROPS DEAD IN KOKOMO

Hayes Stafford, Formerly of This  
City, Expires Suddenly Today

t of this city, and who had relative-  
ly living here, dropped dead this morn-  
ing in Kokomo, according to word  
received by Police Chief Blackburn  
from the police department of that  
city. The local police were asked to  
locate relatives.

The deceased was the father of  
Mrs. Clay Benedict of this city, the  
police learned, and she was notified  
of his death. The man left here sev-  
eral years ago, and when he lived

East Eleventh street, and will prob-

## SUIT INVOLVES STOCK SALE IN DOLLINGS CO.

Jehr. J. Gahret Files Complaint  
Against Service Motor Truck  
Corporation for \$500

### HE SUBSCRIBED FOR STOCK

A law suit involving the alleged  
sale of stock in an R. L. Dolling  
proposition has been filed in the cir-  
cuit court by John J. Gahret against  
the Service Motor Truck Corporation  
in which the plaintiff seeks to cancel  
a note, and asks \$500 damages.

The complaint charges that in 1911  
the plaintiff purchased stock in the  
truck concern, through agents of the  
Dollings concern, and that he was  
guaranteed a certain rate of interest  
in return, and that the interest has  
always been paid, as agreed.

The suit charges that the defend-  
ant company, which he says was no  
earning enough to pay the interest on  
dividends, was using the funds of the  
Dollings company to deceive, and  
while representing themselves to be  
prosperous, sent an appeal to their  
stockholders for additional money  
offering unusual inducements, and  
the suit alleges that the plaintiff sub-  
scribed for some of the additional  
stock.

The complaint is to recover \$500  
paid on the alleged stock sale, and  
to cancel the note that is alleged to  
be existing between the plaintiff and  
defendant.

## BOY FALLS 50 FEET; ARM BROKEN 2 PLACES

John Porter, Jr., Age 12, of Greens-  
burg, Suffers Serious Injuries  
While Visiting at Arlington

### IS EXPECTED TO RECOVER

John Porter, Jr., 12-year-old son  
of John P. Porter of Greensburg, was  
painfully injured Sunday afternoon  
while playing with other children at  
Arlington, when he fell through the  
railroad bridge, just east of the town.

The boy dropped 40 or 50 feet be-  
tween the ties of the bridge, to the  
stone on the ground and his left arm  
was broken in two places, and his el-  
bow fractured. He was also badly  
bruised and cut but escaped fatal in-  
jury.

The boy was visiting at Arlington  
and after the accident he was taken  
to the office of Dr. A. G. Shauck, who  
dressed the injuries. He was later  
taken to the hospital at Greensburg  
because of the seriousness of the  
breaks, and the Drs. Inlow of Shelby-  
ville were summoned and performed  
an operation to reduce the fractures.

Word received today from the pa-  
tient stated that he was resting as  
easy as could be expected, unless  
some internal complications should  
arise.

### ESSEX SEDAN TURNS OVER

An Essex sedan owned by Ralph  
Stant of this city turned over when  
crowded into the ditch by another  
car Sunday afternoon near Memphis  
Ind. Mr. Stant was only slightly  
bruised and the other occupants of  
the car, Mr. and Mrs. Loren Woods  
escaped without injury. The body of  
the car was dented and the fenders  
badly bent. The party was en route  
to Camp Knox, but returned after  
the accident.

## KLAN THREATENS TO REMAIN ISSUE

Even Denunciation by President Cool-  
idge Will Not Head it off, Demo-  
cratic Leaders Believe

### DAVIS SPEECH OPENS IT

Anti-Klan Leaders Ridiculing Dawes  
Utterances as a "Straddle"—La-  
Follette Takes Hand

By FRAZER EDWARDS  
(U. P. Staff Correspondent)

New York, Aug. 25—The Ku Klux  
Klan today threatened to remain an  
issue to the end of the presidential  
campaign.

Even a denunciation of the Klan by  
President Coolidge will come too late  
now to head off the issue in the  
opinion of Democratic leaders.

Even a denunciation of the Klan by  
politics, the Seagirt speech of John  
N. Davis, the Democratic standard  
bearer has had the effect of imbed-  
ding the issue more firmly in the  
campaign. It was thrust deeper by  
General Charles G. Dawes by his Aus-  
tina speech.

Although Davis has no comment to  
make on the Dawes speech, anti-  
Klan leaders are ridiculing Dawes  
utterances, as a "straddle". They in-  
tend to capitalize it locally, no mat-  
ter what position Davis may be in.  
They believe that it can be used ef-  
fectively in Maine, Indiana, and Ohio  
where the Klan is a local issue and  
in New York and New Jersey where  
they say the Klan is stronger.

Robert LaFollette started a drive  
to rally anti-Klan groups in southern  
states behind his candidacy.

A campaign leader of the southern  
states will be named immediately by  
Senator LaFollette to capitalize his  
denunciation of the Klan by name  
and to stress his stand against Re-  
publican economic principles which  
have long been approved by a major-  
ity of the entire old south.

Davis may run into the Klan issue  
when he reaches Columbus, where  
tomorrow he addresses the Ohio  
Democratic state convention. The is-  
sue is being agitated by the anti-  
Klan faction of the party which is  
striving to have the order denounced  
by name in the state platform.

By WILLIAM J. LONN  
(U. P. Staff Correspondent)

Plymouth, Vt., Aug. 25—Republi-  
can strategy on the Klan issue will  
be settled today under the moss-  
covered roof of Colonel John Cool-  
idge's farm house when President  
Coolidge and General Charles G.  
nominee's references to the Klan in his  
speech.

Dawes is coming here at the pres-  
ident's invitation, extended by tele-  
phone early Sunday morning, follow-  
ing the Republican vice presidential  
nominee's references to the Klan in his  
speech in Augusta Me. He will arrive  
about noon and is expected to depart  
for Chicago tonight.

Though it was thought Dawes  
could call at Plymouth on his return  
from Maine, the president made no  
effort to bring him here further than  
a lot it be known Friday that he  
could be led to see his running  
mate, then Dawes without consulting  
anyone, delivered his speech on the  
Klan.

Late Saturday night, C. Bascom  
Stann, the president's secretary and  
chief political adviser, met here on

## NO SERIOUS STORM DAMAGE

Wind Dips Down in Noble Township.  
Blowing off Some Shingles

No serious damage was reported  
in Rush county during the storm that  
passed over Sunday afternoon, when  
wind and lightning threatened in all  
sections.

The wind in some portions of the  
county was high, and for a time  
appeared to be dangerous. Only one  
place was reported where it took a  
dip, and this was on the farm of Svi-  
vester McKibben, in Noble township.  
The wind in this section was more in  
tense, and when it dipped at the Mc-  
Kibben home, the barn and dwelling  
both were struck. Shingles were  
torn loose, and in the house window  
panes were broken. The loss was es-  
timated at \$25, and insurance was  
carried in the Rush County Farmers'  
insurance association.

## DAMAGED AVOIDING CRASH

Thomas Turner's Auto is Turned In to the Curbstone

A tearing car owned and driven by Thomas Turner, Pansy Green House proprietor, was damaged this morning shortly before noon, while he was attempting to make a turn from Main street into East Ninth.

Mr. Turner was going north in Main street, and when he attempted to turn east in Ninth, another machine was headed toward Main street, and a collision was avoidable only by turning his car into the curbstone. In striking the curb, he barely missed a large tree. The front left wheel was crushed, and the axle slightly bent.

### DELEGATES PRESENT FROM EVERY COUNTY

State American Legion Convention  
Opens at Evansville With Defense  
Day as Issue

Evansville, Ind., Aug. 25.—The state American Legion convention opened here today with delegates present from every county in the state. Attendance is estimated at 5,000.

Interest among delegates at the opening was centering on three questions:

1.—Election of officers, which always furnishes plenty of fireworks.

2.—Endorsement of plans for erection of a national shrine at Evansville in honor of James Bethel Graham, first American soldier killed in the World war.

3.—Endorsement of Defense Day plans as outlined by the war department.

Workers are aligning delegates for their favorites for state commander. Leading contenders now are Thomas McConnell, Fowler; Hiram Bears, Pern, and Frank McHale, Logansport.

In addition, Henry Walker, local attorney, and Dan McCarthy, Evansville, are being groomed by southern Indiana delegates for the state post.

The convention probably will endorse the defense day idea but it is doubtful whether resolutions will be passed requesting Legionnaires to enlist in the "skeleton army" for the day, it was indicated today.

Shall Want No Good Thing—  
For the Lord God is a sun and a

withhold from them that walk  
uprightly.—Psalm 84:11.

## It Always Comes Back

The condition of the farmer since  
1920 has been made a subject of  
study by the department of agricul-  
ture.

The department, by gathering sta-  
tistics from a large number of  
farms in every section of the United  
States, found that the farmers' wages  
paid to hired labor in the same years.

No one denies that the slump in  
farm prices has not been a hard  
blow to farmers. Neither will anyone  
deny that the farmer is not coming  
back to the position he rightly de-  
serves.

The great difficulty has been that  
too many people concluded that agri-  
culture had no future.

History tells us that American agri-  
culture has seen a degree of pro-  
gress in the past which has never  
before been witnessed by any group  
which tilled the soil.

History also tells us that there  
have been periods of depression  
caused by forces over which farmers  
had no control.

But agriculture always came back,  
just as it is coming back now.

## Procrastination

Do it today and do it right. Those  
who make this a rule of life find  
success is not so difficult.

Most of the failures in the business  
world are due to short sightedness  
and procrastination. Putting it off  
until tomorrow means in many cases  
that it is never done, and it is the  
things that are not done which cause  
the receipts to dwindle until the busi-  
ness is eventually wrecked.

Doing it today is just as easy as  
putting it off and it is far more pleas-  
ant and produces more satisfactory  
results.

The world is full of physical and  
commercial wrecks. The man who is

HELP FOR OLD  
FOLKS

Old Age Should be Happy—Not a  
Time of Sickness and Suffering

Too many people begin to suffer at  
middle age with constant backache,  
urinary ills and rheumatic pains and  
aches. Weak kidneys are usually the  
cause and, if neglected, there is danger  
of hardened arteries, dropsy,  
gravel or Bright's disease. Help  
your weakened kidneys with a stimu-  
lant diuretic before kidney disease  
gets a firm hold! Use Doan's Pills.  
Thousands of old folks recommend  
Doan's.

Here is Rushville proof:

I. L. Clifford, retired mail carrier,  
224 W. Fourth St., says: "Generally  
through the day I suffered with in-  
tense pains through the small of my  
back, which placed hard on my  
strength. At night, too, my back  
ached. My kidneys acted too often  
and it was frequently necessary to  
pass the secretions at night. Doan's  
Pills from Hargrove & Brown's Drug  
Store, relieved the backache and  
strengthened my kidneys."

## Who Is to Blame?

The tendency of boys and girls to  
lose their respect for parental au-  
thority is the occasion for some alarm  
regarding the future.

Many parents complain that as  
their children grow older, they cast  
off their obedience to the rules of  
conduct they once followed.

But all too often the child is not  
to be blamed.

The parent who does not demand  
respect and obedience in the beginning  
will not receive it in the end.

Humoring and coddling does not  
produce either. Instead, it creates self-  
ishness, ingratitude and ultimate  
indifference.

## HUNT'S DAILY LETTER

BY HARRY B. HUNT  
NEA Service Writer

WASHINGTON—An "inside"  
glimpse of the Republican  
state of mind with respect to  
the results of the November elec-  
tion is contained in a "confiden-  
tial" summary just sent out by  
Washington observers to business  
interests throughout the country.

This report, made by men who  
are habitually conservative in their  
conclusions, frankly states:

"The La Follette movement is  
considered, at this time, as more  
of a menace to full Republican suc-  
cess than is the Democratic party."

"The La Follette strength has  
been underrated. This strength is  
not considered of such a nature as  
to affect seriously the likelihood of  
Coolidge's election, but it is of far-  
reaching importance in connection  
with the control of Congress."

IN a nut-shell, the confidence of  
the Republican organization ex-  
tends only to the re-election of  
Coolidge as president. Reports  
from many sources have inspired  
the feeling that Coolidge's "New  
England conscience" has made him  
"stronger than his party." There is  
a growing belief that "Cal can  
take care of himself."

But this confidence does not ex-  
tend to Coolidge's ability to pull a  
Republican Congress across with  
him.

Here is where the La Follette  
candidate is most feared. In this  
connection the above-mentioned re-  
port states:

"The strength of La Follette is  
not by any means confined to rail-  
way labor. It is found in all sorts  
of manufacturing plants, in all  
parts of the country. There are  
signs of it, also, in the 'white col-  
lar' classes. Unless there is a  
change of sentiment, he will re-  
ceive a popular vote considerably  
larger than has been anticipated."

SHOULD La Follette, as seems  
not unlikely, hold a "balance  
of power" in either or both  
houses of Congress, Coolidge's re-

election, so far as Republican pro-  
grams and policies are concerned,  
would be an empty victory.

To achieve this balance of  
power, which, next to the presi-  
dency itself, can give the inde-  
pendents the greatest influence on  
public affairs through the next two  
years, intensive organization and  
campaigning in behalf of La Fol-  
lette will be undertaken in every  
close congressional district in the  
country.

In these districts the La Fol-  
lette strength will be thrown to  
Republican or Democratic con-  
gressional and senatorial candi-  
dates on non-partisan lines, accord-  
ing to their "progressive tenden-  
cies."

This influence, it is conceded,  
may be the determining factor in  
a large number of districts. The  
result might easily be, even with  
Coolidge re-elected as president,  
the election of a house antagonistic  
to him and the things he advo-  
cates.

THE possibility of an increased  
La Follette strength in Con-  
gress is not confined alone to  
the house. There seems more  
than an even chance, as matters  
now stand, that his following in  
the senate will be strengthened.

The death of Senator Colt, in  
Rhode Island, opens a chance for  
a realignment there that may re-  
sult in the selection of a "pro-  
gressive." Colt, whose term would  
have expired this year, could have  
won re-election. But it is not so  
certain, with his death, that his  
seat can be held for another Re-  
publican regular.

In South Carolina La Follette  
influence is being thrown behind  
Congressman J. F. Byrnes, a pro-  
gressive Democrat, against Sen-  
ator Nathaniel Dial, in the sena-  
torial primaries.

Although on its face purely a  
Democratic contest, the result is  
one in which, as in many states  
and districts, is more important as  
affecting a possible La Follette fol-  
lowing of increased strength in the  
sixty-ninth Congress.

## MOVIES

Jackie Coogan at Princess

The long heralded Metro produc-  
tion "Long Live the King" starring  
Jackie Coogan, came to the Princess  
theatre today. Particular interest is  
attached to this latest film of the  
young star as it is his first produc-  
tion under the \$1,000,000 contract  
which was given him recently in ad-  
dition to a half million dollar bonus  
by Metro Pictures Corporation.

From various sources the informa-  
tion was current that a huge sum of  
money was being spent in the making  
of this film and recent reports defi-  
nitely fix the sum as \$600,000. Of  
this huge amount nearly two-thirds  
was spent on the construction of the  
magnificent sets which furnish the at-  
mosphere of "Long Live the King"  
and which surround Jackie with regal  
splendor.

As is known to millions of readers,  
"Long Live the King" was adapted  
for Jackie from Mary Roberts Rine-  
hart's novel of the same name. The  
plot is set in the mythical Balkan  
Kingdom of Lavinia and hinges  
around the escapades of the little  
Crown Prince (played by Jackie),  
who is beset by a band of terrorists  
who threaten to seize the government.

## "His Last Race" Castle

When all is said and done, it is the  
function of the screen to represent  
life in terms of physical action. It  
has not the cramped and confining  
limitations of the dramatic theatre,  
and is therefore the ideal medium  
for dealing in vast spaces, wilder-  
ness, and stories of the savage un-  
tamed which appeal to the primitive  
man in us all.

Seldom have these advantages been  
so well capitalized as in "His Last  
Race," a production termed "a thrill-  
o-drama," because of the alterna-  
tion of primitive thrills and civilized  
drama. Richard Carleton, disappoint-  
ed in love, sets out to forget the girl  
in a whirlwind of adventure. He  
matches his courage and endurance  
against a famous wild horse, Mankill-  
er, and it is evident to the most jaded  
fan in the audience that he really  
risks his life in capturing the infuri-  
ated beast. Follows a sequence of  
such horsemanship as the screen has  
never seen before—a sequence which  
leaves one firmly convinced that Rex  
(Snowy) Baker could ride a cannon-  
ball or a comet if he wished.

Then the action switches to serious  
drama, splendidly interpreted by one  
of the most pretentious casts ever  
assembled for one production. Gladys  
Brookwell, Pauline Starke, Noah Ber-  
ry, Robert McKim, Dick Sutherland,  
Harry Depp, Tully Marshall, Alec  
Francis and many other screen cele-  
brities are exhibited at their best—  
and one is amazed to discover that  
Baker can troupe as well as any of  
them.

"His Last Race" will continue at  
the Castle Theatre for today and  
Tuesday.

## HAY FEVER

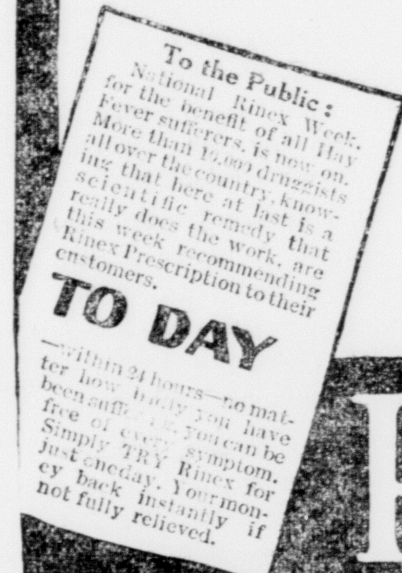

Complete Relief Guaranteed in 24 Hours  
With Specialist's New Prescription

At last Hay Fever has  
yielded to modern medical  
science. A remarkable new  
prescription by a Cleveland  
specialist is guaranteed to  
banish every single symptom  
within 24 hours!

This new treatment, per-

the Clinical Laboratories,  
Cleveland, Ohio, is known as  
Dr. Platt's Rinex Prescrip-  
tion, and works on an en-  
tirely new principle. Science  
now proves that Hay Fever  
is due, not to mere surface  
irritation, but to an actual  
infection of the entire system  
caused by the absorption of  
raw protein from pollens float-

ing in the air. Other treat-  
ments do not attempt to get  
at this internal cause. But  
Rinex prescription, taken in  
convenient capsule form, goes  
direct to this infection all  
through the system, and neutral-  
izes it completely—without nar-  
cotics or harmful drugs or any  
bad after-effects. The result  
in 95 per cent of all cases is  
complete relief in 24 hours.

No matter how long you  
have had Hay Fever—no mat-  
ter where you live, or how  
many other treatments you  
have tried in vain—Dr. Platt's  
Rinex is positively guaranteed  
to bring you complete relief in  
24 hours—or it costs you noth-  
ing. If you want to be satisfied

## WORLD'S GREATEST IN MEET OPENING TODAY

Winner at Forest Hills Will be Entitled to Consider Himself World's Champion Tennis Player

### 85 PLAYERS IN FIRST ROUND

By HENRY L. FARRELL  
(U. P. Staff Correspondent)

Forest Hills, L. I. Aug. 25—All the world's greatest tennis players, without a single exception, start today on the courts of the West Side Tennis Club in the chase for the men's doubles national championship.

Because of the international class of the entries, the winner will be entitled to consider himself the world's champion, but there can be no title awarded as such, owing to a ruling of the international tennis federation.

Eighty-five players from eight nations will start in the first round. There are better players from more nations than have ever been entered in a tournament before and the matches are even more international than the recent Olympic matches in Paris.

Leading the entries are three recognized champions, who have a just claim to a world's title, as it formerly was understood William L. Tilden, the greatest player in the world, Vincent Richards, the Olympic singles champion and Jean Borotra, the Wimbledon champion.

### TROPHY FOR WEEKLY SHOOT

The usually bi-weekly shoot of the Rushville gun club will be held Wednesday on the old fair grounds east of this city, and an added attraction will be a trophy to be represented to the high mark shooter. All members of the club are urged to attend and enlarge in the shoot, and the prize will be awarded only to club members who participate. The nature of the trophy was not announced today.

### KEEPING ONE EYE ON THE SCOREBOARD

Yesterday's hero: Dutch Weis, rookie outfielder, drove in two runs with a single giving the Cubs a 2 to 1 victory over the Giants.

Babe Ruth's 39th homer with one on was the best the Yankees could get off Dutch Leonard and the Tigers won 7-2. Homers by Cobb and Manuss helped the Tigers.

Hornby hit a homer, a triple and two singles helping the Cardinals take a double header from the Robins at 7-6 and 17-0.

The Senators climbed within one point of the lead when they won their seventh straight game, beating the White Sox 4-1. It was the twelfth successive loss for the Sox.

### Olympic Trainers Get Credit

By HENRY L. FARRELL  
(United Press Sports Editor)

New York, Aug. 25—America's success in the Olympic games was due not only to the possession of a large number of superior athletes, but also to the care and fine treatment given the athletes by the managers and trainers of the team.

Charles Dean and George Brown, the two managers of the team, were on the job constantly, and their concern for the comfort and welfare of the team was in striking contrast to the actions of the management of the 1920 team, who acted on the assumption that the team was not composed of school boys, and that they could take care of themselves.

During the games the managers and coaches of the team were not well acquainted enough with the head waiters of the Montmartre cabarets and the other bright-light places in Paris to call them by their first names and get choice tables. They were at Roquecourt and the Colombes village with the athletes. They also had a team of men, but they know that the job of getting ready and competing in the games was enough to occupy the attention of the men without bothering them with the task of finding something to eat and some place to sleep, as the athletes had to do in Antwerp.

The coaching and training of Lawson Robertson, Walter Christie, Alonzo Stagg, Eddie Farrell, Bill Hayward, Johnny Magee, Tom Keane and Jake Weber was splendid, and the results of their attention, care and hard work was plainly apparent. There were no star athletes hurt or ruined in training before the games as there were in Antwerp. With the exception of a few bad breaks in actual competition the coaches were able to get about 100 percent strength out of the team.

While the team was most admirable handled there were brought out a few defects in the management, which probably will be corrected when the arrangements are being made in 1928 for the trip to Amsterdam.

The only complaint the athletes made—and it was not in the bitter spirit that almost caused a rebellion in Antwerp—was that the camp was too far away from the Colombes stadium. No place could have been picked as a more ideal place to live than the Murat chateau at Roquecourt, and its lone bad feature was not the result of poor judgment on the part of the American committee, but came as a result of the failure of the transportation to live up to the promised speed.

The Roquecourt villa was located about 12 miles from the Colombes stadium, and it was natural, perhaps that Americans should figure that the trip would not consume more than 30 minutes over good roads. But the drivers of the busses operated on a schedule that was regularly about an hour and sometimes more.

It was mentioned previously that many times the athletes who competed in the late events on the program did not arrive at their camp until the kitchen had closed. This was not the fault of the committee, however. No American had thought of the possibility of having the games started at three o'clock and finishing as late as 9.

It had been planned to house the athletes scheduled in early events overnight at the Colombes village but the accommodations were so poor that another carefully-made plan had to be abandoned through no fault of the committee.

The bouncing and jostling in a bus over 12 miles did not help the athletes and the irregularity of meals was also a handicap, but the athletes knew that the French committee was to blame, primarily, and they didn't grumble.

The American committee, in the past, has had bigger problems to face than the managers of European teams, and the same problems will have to be faced in the future. It is reasonable to believe that in such good hands as the team was this year that these bigger problems will be met.

The Finns had an ideal camp. They were situated in a quiet village, near Colombes, within easy access of the stadium. The Americans might have had, and would have had a place just as good, if they only had the care of 70 athletes. But when there are more than 300 men and girls to take care of, the task is a tremendous job. There was not a spot closer than Roquecourt where the American committee could find space to house and feed such a small army of athletes.

Another slight defect in the management can be corrected in the future. There should be some way of separating the athletes who have finished competition and those who are still in training. The committee should keep the various units of the

team together. The boxers and swimmers should not be housed near the track athletes.

It is only natural that a young athlete who has been training for months should seek a little entertainment after he has finished his competition. He should be allowed to keep the lights on after hours and sing and dance if he wants to. But he should not do his celebrating in the same hut where a less fortunate companion is trying to get some rest for a hard competition on the following day.

These are all only minor grievances, however, and they can be corrected. Under the circumstances the American committee could not have done a better job. They had a big task—and they delivered.

### KLAN THREATS TO REMAIN ISSUE

Continued from Page One

The long distance telephone and reached Dawes with the word that the president wanted to confer with him before he went west. It was understood the Klan would be the chief topic at the conference.

With politics re-established as the principal topic of conversation here, the president appropriately received his old political mentor, James Luce, a cobbler-philosopher of Northampton, Mass., who is a candidate for the state legislature.

Luce drove up early and found the president finishing breakfast. The old friends greeted each other warmly.

The cobbler re-called the president's words to him at the time Coolidge entered the White House—"if it hadn't been for you I wouldn't be here," in referring to his own candidacy for the legislature.

"It hadn't been for you," said Luce, "I wouldn't be in politics now."

Luce assured the president that they both would be elected in the fall. The president and his family attended church in the afternoon and heard the Rev. John White deliver a sermon on "The Inspiration of Divine Guidance."

Tomorrow the president will receive a thousand members of the middle-western granges on the lawn of his father's home.

### Klan Candidate Wins

Dallas, Aug. 25—Felix D. Robertson of Dallas, Klan candidate, has conceded defeat by Mrs. Miriam Ferguson of Temple, for the Democratic gubernatorial nomination upon the basis of partial returns from Saturday's run off primary.

Returns from 230 counties out of the state's 252, including 67 complete gave Mrs. Ferguson a lead of nearly 110,000 votes over the Klan candidate, according to tabulation made by the Texas election bureau at 10 o'clock Sunday night.

Mrs. Ferguson vote, according to the latest tabulation, was 403,060 and Robertson 324,297. Texas election bureau officials today predicted a total vote of 850,000 when all returns are in. Available returns have already surpassed the state's record ballot of approximately 702,000, set in the initial primary July 26.

Judge Robertson sent Mrs. Ferguson a message of congratulation upon her nomination Sunday and later in the day issued a statement here in which he declared: "I will abide by the dictates of the people."

## LEAVE YOUR CAR IN SUN, RAIN OR SNOW

### The Weather Cannot Hurt The New DUCO Finish

Duco Finish is different from any other finish ever put on a motor car. It stands what no finish has ever stood before.

With Duco Finish on your car, you can leave it out in all kinds of weather. Rain, mud, snow, ice, won't hurt it a bit. Let the hot sun shine on it all day, or run the engine scalding hot. Duco won't blister or fade.

After weeks of hard driving, you can rub ordinary mud spots off Duco with a dry cloth, if you like, for only sharp pebbles will scratch the finish. The lustre gets higher and finer with age.

Every car owner who has seen Duco wants it. Come to our shop and see cars finished with it. Watch us make tests to prove its durability. Talk to owners who have tested every claim we make. Let us finish your car with Duco in one-third to one-half the usual time required. It will always look new as long as you own it.

SUPERMAN OBSESSION DRIVE LEOPOLD TO DEED

Clarence Darrow Makes Assertion in Continuing Argument in Leopold-Loeb Case

WAS A FOLLOWER OF NEITSCH

(By United Press)  
Chicago, Ill., Aug. 25—Nathan Leopold was driven on to the participation in the killing of young Robert Franks by "the superman obsession," Clarence Darrow said in his argument on the Leopold and Loeb case today. "Along with this obsession there was perversion."

Darrow pointed out that Neitzsche was insane for many years before he died, stating his philosophy was a specie of insanity. "It is no wonder that this boy was obsessed by the teachings and adopted them himself with the idea that he could do what-

ever he pleased without regard for others," Darrow stated.

Universities, the libraries and the publishers are more to blame for the acts of Leopold than the youth himself because it was in those places and from those persons that he made the acquaintance of Neitzsche," Leopold's defender charged.

"I have no doubt that he would never have participated in this mad act but for the fact that he took this philosophy literally," he said.

## GIVEN HIGH PLACE IN THE U. R. K. OF P.

Samuel L. Trabue Appointed Major  
General of Uniform Rank of Unit-  
ed States and Canada

### APPOINTMENT UNSOLICITED

Member of Major General's Staff  
Since 1911 With Rank of Colonel  
and Later Adjutant General

Samuel L. Trabue of this city has been appointed Major General of the Uniform Rank Knights of Pythias by Supreme Chancellor George C. Cabell, according to an official notice of the appointment received by him.

The appointment was made last Tuesday, August 19, and was immediately ratified by the Supreme Lodge then in session at Toronto, Canada, but the formal notification was several days in reaching Mr. Trabue, although he knew the appointment had been made because of the congratulatory telegram he received.

The appointment came unsolicited and was a splendid compliment to General Trabue and is much appreciated by the members of Ivy Lodge, Knights of Pythias, Ivy Company, U. R. K. P., and Ivy Temple, Pythian Sisters, in which organizations he holds membership, as well as by his many friends and associates.

General Trabue has established the general headquarters with offices in the Farmers Trust Company building in this city and will remove the records and supplies here from Grand Rapids, Michigan, as soon as the Supreme Assembly finance committee audits the books and accounts of William H. Loomis, the retiring major general, in that city.

His commission is for a term of two years and the office carries a good salary and provides for officer rent, traveling expenses and salary of a private secretary, which position has been accepted by Miss Leah Schatz of this city.

The duties of the office require him to visit the existing brigades in Maine, New Hampshire, Massachusetts, Connecticut, Pennsylvania, West Virginia, New York, Ohio, Michigan, Indiana, Kentucky, Illinois, Missouri, California, Washington and Oregon, and he hopes to organize brigades in other states as well as to organize two or three brigades in Canada which were literally wiped out by the World War. These visits will probably require him to spend about three months each year away from home but the trips will be so arranged as to avoid absence for any extended period of time on any one trip, with the possible exception of the western visit.

General Trabue has had wide experience in fraternal military work having been knighted in Ivy Lodge Knights of Pythias and admitted to membership in Ivy Company U. R. K. P. in 1904. He served as first sergeant under Capt. Geo. H. Caldwell from 1905 to 1907; chaplain of the Third Regiment of the Indiana Brigade from 1907 to 1911 with rank of captain; aide-de-camp with rank of colonel on the staff of Major General Arthur Stobbsart 1911-12 and was commissioned as adjutant general with the rank of brigadier general on the staff of Major General Stobbsart, Sept. 1, 1912, which position he has held continuously under Major General Stobbsart and Major General

## MULES AND AUTOMOBILE MIX

Wagon Tongue Punches Through  
Windshield—No One Hurt

An automobile and a team of mules mixed this morning in West Third street, near the Havens school building, when an automobile driven by Don DeBrook, 648 Hamilton Ave., Indianapolis crashed into the team that was being driven out of the alley just east of the school.

The mules were driven by John Sefton, son of Charles Sefton of this county. The driver could not check the mules as they came out of the alley, and the tongue of the wagon went through the windshield of the machine. The driver escaped without injury. The wagon tongue was broken off. Chief of Police Blackburn investigated the accident, and held the parties blameless.

## UNION MEETING IS HELD AT COLISEUM

Threat Of Rain Keeps Many People  
Away From Sunday Evening  
Services At Memorial Park

### L. E. BROWN RERETS LEAVING

The Rev. L. E. Brown, pastor of the Main Street Christian church, delivered the sermon at the union services of Rushville churches at Memorial park coliseum Sunday evening, and a special musical program was provided by Cole's orchestra of the Christian church.

A late afternoon rain tended to cut down the attendance. Rain threatened until almost the hour of the services and kept many people away from the coliseum.

The Rev. Mr. Brown made a statement to his congregation Sunday morning, formally announcing his retirement as pastor on Sunday, September 28, to accept the pastorate of the Christian church at Wilmington, O. He said that he was not leaving the Rushville church because he wanted to, but because he felt that he had a great opportunity for service at Wilmington, where the congregation has been divided, but has united in extending a call to him. The Rev. Mr. Brown said that he treasured the friendships he had made here and he said that the parsonage was the best in which he had ever had the privilege to live.

The Rev. E. L. Wimmer, an honorary member of the Indiana conference, preached Sunday morning at St. Paul's Methodist Episcopal church, and there were no services at the First Presbyterian church on account of the absence of the pastor on vacation.

## INDIANA INDUSTRIAL BOARD INVESTIGATES

Reported Constables are Preying on  
Threshers, Threatening Them With  
Arrest

### LACK OF INSURANCE THREAT

(By United Press)

Indianapolis, Ind., Aug. 25.—The Indiana State industrial board today started investigation of reports that constables from justices of the peace in Marion county, are approaching threshers throughout the state, with warrants for the arrest of managers, for failure to take out industrial insurance in compliance with the state law.

The constables it is reported are also armed with insurance policies for the threshers, if he wishes to avoid arrest.

Constables get the names of the threshers without insurance from the files of the industrial board, it is said. Constables in some cases have ignored the fact that the threshers operate as a partnership and therefore think they are exempt from the law.

Investigation of the activities of the constables was ordered after the arrest of a number of farmers in Wells and Bartholomew counties, had been brought to the board's attention. The Wells county farmers are scheduled for a hearing in Justice Rainey's court on August 30.

## MISSING ITALIAN AVIATOR IS FOUND

Lieut. Lacatelli and Three Flying  
Companies Rescued by the U. S.  
S. Richmond

### DRIFTED AT LEAST 100 MILES

America's Around the World Fliers  
Are Just One Hop From North  
American Continent

On Board the U. S. S. Richmond, Aug. 24 (Delayed)—Lieut. Lacatelli, the missing Italian aviator and his three flying companies were rescued by the Richmond at 11:32 tonight.

The American cruiser came upon the airmen 125 miles east of Cape Farewell, Greenland, and all were very fatigued from their harrowing experiences in the icy seas.

"Motor trouble forced us down," Lacatelli explained. "We made desperate efforts to make the plane rise but it wouldn't do it. We have drifted, I figure, at least a hundred miles."

Halifax, N. S., Aug. 25—America's around the world airmen are just one hop from the North American continent today as they pause to change motors at Iqviut, Greenland. The next flight will take them to Indian Harbor, Labrador.

The two fliers—Lieut. Lowell Smith and Lieut. Eric Nelson—arrived at Iqviut yesterday after a speedy, uneventful trip from Fredericksdal. The fliers hopped off at 1:50 p. m. (Greenwich meantime) and arrived at Iqviut at 4:09 p. m. (G. M. T.). They flew low along the western coast of Greenland and kept a look out for a trace of Lieut. Lacatelli, missing Italian pilot, but saw no signs of him.

"According to schedule the fliers are now just four jumps removed from home shores. From Iqviut they will sail to Indian Harbor, then down the eastern coast of North America with stops at Hawkes Bay, Pictou and Boston.

At Pictou the two airmen will be joined by Lieut. Leigh Wade, third member of the globe circling party. A new plane will be given to him at Pictou and he will finish the flight with his two comrades of the air.

## SUIT INVOLVES STOCK SALE IN DOLLINGS CO.

John J. Gahret Files Complaint  
Against Service Motor Truck  
Corporation for \$500

### HE SUBSCRIBED FOR STOCK

A law suit involving the alleged sale of stock in an R. L. Dollings proposition has been filed in the circuit court by John J. Gahret against the Service Motor Truck Corporation in which the plaintiff seeks to cancel a note, and asks \$500 damages.

The complaint charges that in 1915 the plaintiff purchased stock in the truck concern, through agents of the Dollings concern, and that he was guaranteed a certain rate of interest in return, and that the interest has always been paid, as agreed.

The suit charges that the defendant company, which he says was no earning enough to pay the interest on dividends, was using the funds of the Dollings company to deceive, and while representing themselves to be prosperous, sent an appeal to their stockholders for additional money offering unusual inducements, and the suit alleges that the plaintiff subscribed for some of the additional stock.

The complaint is to recover \$500 paid on the alleged stock sale, and to cancel the note that is alleged to be existing between the plaintiff and defendant.

## BOY FALLS 50 FEET; ARM BROKEN 2 PLACES

John Porter, Jr., Age 12, of Greens-  
burg, Suffers Serious injuries  
While Visiting at Arlington

### IS EXPECTED TO RECOVER

John Porter, Jr., 12-year-old son of John P. Porter of Greensburg, was painfully injured Sunday afternoon while playing with other children at Arlington, when he fell through the railroad bridge, just east of the town.

The boy dropped 40 or 50 feet between the ties of the bridge, to the stone on the ground and his left arm was broken in two places, and his elbow fractured. He was also badly bruised and cut but escaped fatal injury.

The boy was visiting at Arlington and after the accident he was taken to the office of Dr. A. G. Shanck, who dressed the injuries. He was later taken to the hospital at Greensburg because of the seriousness of the breaks, and the Drs. Inlow of Shelbyville were summoned and performed an operation to reduce the fractures.

Word received today from the patient stated that he was resting as easy as could be expected, unless some internal complications should arise.

### ESSEX SEDAN TURNS OVER

An Essex sedan owned by Ralph Stant of this city turned over when crowded into the ditch by another car Sunday afternoon near Memphis Ind. Mr. Stant was only slightly bruised and the other occupants of the car, Mr. and Mrs. Loren Woods, escaped without injury. The body of the car was dented and the fenders badly bent. The party was en route to Camp Knox, but returned after the accident.

### DAVIS SPEECH OPENS IT

Anti-Klan Leaders Ridiculing Dawes  
Utterances as a "Straddle"—La-  
Follette Takes Hand

By FRAZER EDWARDS  
(U. P. Staff Correspondent)

New York, Aug. 25.—The Ku Klux Klan today threatened to remain an issue to the end of the presidential campaign.

Even a denunciation of the Klan by President Coolidge will come too late now to head off the issue in the opinion of Democratic leaders.

Even a denunciation of the Klan by polities, the Sengir speech of John A. Davis, the Democratic standard bearer has had the effect of imbedding the issue more firmly in the campaign. It was thrust deeper by General Charles G. Dawes by his Augusta speech.

Although Davis has no comment to make on the Dawes speech, anti-Klan leaders are ridiculing Dawes utterances, as a "straddle". They intend to capitalize it locally, no matter what position Davis may be in. They believe that it can be used effectively in Maine, Indiana, and Ohio where the Klan is a local issue and in New York and New Jersey where they say the Klan is stronger.

Robert LaFollette started a drive to rally anti-Klan groups in southern states behind his candidacy.

A campaign leader of the southern states will be named immediately by Senator LaFollette to capitalize his denunciation of the Klan by name and to stress his stand against Republican economic principles which have long been approved by a majority of the entire old south.

Davis may run into the Klan issue when he reaches Columbus, where tomorrow he addresses the Ohio Democratic state convention. The issue is being agitated by the anti-Klan faction of the party which is striving to have the order denounced by name in the state platform.

Plymouth, Vt., Aug. 25.—Republican strategy on the Klan issue will be settled today under the moss-covered roof of Colonel John Coolidge's farm house when President Coolidge and General Charles G. nominee's references to the Klan in his reign.

Dawes is coming here at the president's invitation, extended by telephone early Sunday morning, following the Republican vice presidential nominee's references to the Klan in his speech in Augusta Me. He will arrive about noon and is expected to depart for Chicago tonight.

Though it was thought Dawes could call at Plymouth on his return from Maine, the president made no effort to bring him here further than a lot it be known Friday that he could be held to see his running mate. Then Dawes, without consulting anyone, delivered his speech on the Klan.

Late Saturday night, C. Bascom Slemmon, the president's secretary and chief political adviser, met busy on

## NO SERIOUS STORM DAMAGE

Wind Dips Down in Noble Township,  
Blowing off Some Shingles

No serious damage was reported in Rush county during the storm that passed over Sunday afternoon, when wind and lightning threatened in all sections.

The wind in some portions of the county was high, and for a time appeared to be dangerous. Only one place was reported where it took a dip, and this was on the farm of Selvester McKibbin, in Noble township. The wind in this section was more in tense, and when it dipped at the McKibbin home, the barn and dwelling both were struck. Shingles were torn loose, and in the house window panes were broken. The loss was estimated at \$25, and insurance was carried in the Rush County Farmers' insurance association.

## DAMAGED, AVOIDING CRASH

Thomas Turner's Auto is Turned In to the Curbside

A touring car owned and driven by Thomas Turner, Pansy Green House proprietor, was damaged this morning shortly before noon, while he was attempting to make a turn from Main street into East Ninth.

Mr. Turner was going north in Main street, and when he attempted to turn east in Ninth, another machine was headed toward Main street, and a collision was avoidable only by turning his car into the curbstone. In striking the curb, he barely missed a large tree. The front left wheel was crushed, and the axle slightly bent.

**DELEGATES PRESENT FROM EVERY COUNTY**

State American Legion Convention  
Opens at Evansville With Defense Day as Issue

Evansville, Ind., Aug. 25—The state American Legion convention opened here today with delegates present from every county in the state. Attendance is estimated at 5,000.

Interest among delegates at the opening was centering on three questions:

- 1.—Election of officers, which always furnishes plenty of fireworks.
- 2.—Endorsement of plans for erection of a national shrine at Evansville in honor of James Bethel Graham, first American soldier killed in the World war.
- 3.—Endorsement of Defense Day plans as outlined by the war department.

Workers are aligning delegates for their favorites for state commander. Leading contenders now are Thomas McConnell, Fowler; Hiram Bears, Peru, and Frank McHale, Logansport.

In addition, Henry Walker, local attorney, and Dan McCarthy, Evansville, are being groomed by southern Indiana delegates for the state post.

The convention probably will endorse the defense day idea but it is doubtful whether resolutions will be passed requesting Legionnaires to enlist in the "skeleton army" for the day, it was indicated today.

Shall Want No Good Thing—  
For the Lord God is a sun and a  
shield; no good thing will he  
withhold from them that walk  
uprightly.—Psalms 84:11.

## It Always Comes Back

The condition of the farmer since  
1920 has been made a subject of  
study by the department of agricul-  
ture.

The department, by gathering sta-  
tistics from a large number of  
farms in every section of the United  
States, found that the farmers' wages  
compared with the average wages  
paid to hired labor in the same years.

No one denies that the slump in  
farm prices has not been a hard  
blow to farmers. Neither will anyone  
deny that the farmer is not coming  
back to the position he rightly de-  
serves.

The great difficulty has been that  
too many people concluded that agri-  
culture had no future.

History tells us that American agri-  
culture has seen a degree of pro-  
gress in the past which has never  
before been witnessed by any group  
which filled the soil.

History also tells us that there  
have been periods of depression  
caused by forces over which farmers  
had no control.

But agriculture always came back,  
just as it is coming back now.

## Procrastination

Do it today and do it right. Those  
who make this a rule of life find  
success is not so difficult.

Most of the failures in the business  
world are due to short sightedness  
and procrastination. Putting it off  
until tomorrow means in many cases  
that it is never done, and it is the  
things that are not done which cause  
the receipts to dwindle until the busi-  
ness is eventually wrecked.

Doing it today is just as easy as  
putting it off and it is far more pleas-  
ant and produces more satisfactory  
results.

The world is full of physical and  
commercial wrecks. The man who is

HELP FOR OLD  
FOLKS

Old Age Should be Happy—Not a  
Time of Sickness and Suffering

Too many people begin to suffer at  
middle age with constant backache,  
urinary ills and rheumatic pains and  
aches. Weak kidneys are usually the  
cause and, if neglected, there is dan-  
ger of hardened arteries, dropsy,  
gravel or Bright's disease. Help  
your weakened kidneys with a stimu-  
lant diuretic before kidney disease  
gets a firm hold! Use Doan's Pills.  
Thousands of old folks recommend  
Doan's.

Here is Rushville proof:

J. L. Clifford, retired mail carrier,  
224 W. Fourth St., says: "Generally  
through the day I suffered with in-  
tense pains through the small of my  
back, which played hard on my  
strength. At night, too, my back  
ached. My kidneys acted too often  
and it was frequently necessary to  
pass the secretions at night. Doan's  
Pills from Hargrove & Brown's Drug  
Store, relieved the backache and  
strengthened my kidneys."

## Who is to Blame?

The tendency of boys and girls to  
lose their respect for parental au-  
thority is the occasion for some alarm  
regarding the future.

Many parents complain that as  
their children grow older, they cast  
off their obedience to the rules of  
conduct they once followed.

But all too often the child is not  
to be blamed.

The parent who does not demand  
respect and obedience in the beginning  
will not receive it in the end.

Humoring and coddling does not  
produce either. Instead, it creates self-  
ishness, ingratitude and ultimate  
indifference.

## HUNT'S DAILY LETTER

BY HARRY B. HUNT  
NEA Service Writer

WASHINGTON — An "inside"  
glimpse of the Republican  
state of mind with respect to  
the results of the November elec-  
tion is contained in a "confiden-  
tial" summary just sent out by  
Washington observers to business  
interests throughout the country.  
This report, made by men who  
are habitually conservative in their  
conclusions, frankly states:

"The La Follette movement is  
considered, at this time, as more  
of a menace to full Republican suc-  
cess than is the Democratic party."

"The La Follette strength has  
been underrated. This strength is  
not considered of such a nature as  
to affect seriously the likelihood of  
Coolidge's election, but it is of far-  
reaching importance in connection  
with the control of Congress."

In a nut-shell, the confidence of  
the Republican organization ex-  
tends only to the re-election of  
Coolidge as president. Reports  
from many sources have inspired  
the feeling that Coolidge's "New  
England conscience" has made him  
"stronger than his party." There is  
a growing belief that "Cal can  
take care of himself."

But this confidence does not ex-  
tend to Coolidge's ability to pull a  
Republican Congress across with him.

Here is where the La Follette  
candidate is most feared. In this  
connection the above-mentioned re-  
ports state:

"The strength of La Follette is  
not by any means confined to rail-  
way labor. It is found in all sorts  
of manufacturing plants, in all  
parts of the country. There are  
signs of it, also, in the 'white col-  
lar' classes. Unless there is a  
change of sentiment, he will re-  
ceive a popular vote considerably  
larger than has been anticipated."

Should La Follette, as seems  
not unlikely, hold a "balance  
of power" in either or both  
houses of Congress, Coolidge's re-

election, so far as Republican pro-  
grams and policies are concerned,  
would be an empty victory.

To achieve this balance of  
power, which, next to the presi-  
dency itself, can give the inde-  
pendents the greatest influence on  
public affairs through the next two  
years, intensive organization and  
campaigning in behalf of La Fol-  
lette will be undertaken in every  
close congressional district in the  
country.

In these districts the La Fol-  
lette strength will be thrown to  
Republican or Democratic con-  
gressional and senatorial candi-  
dates on non-partisan lines, accord-  
ing to their "progressive tenden-  
cies."

This influence, it is conceded,  
may be the determining factor in  
a large number of districts. The  
result might easily be, even with  
Coolidge re-elected as president,  
the election of a house antagonistic  
to him and the things he advo-  
cates.

THE possibility of an increased  
La Follette strength in Con-  
gress is not confined alone to  
the house. There seems more  
than an even chance, as matters  
now stand, that his following in  
the senate will be strengthened.

The death of Senator Colt, in  
Rhode Island, opens a chance for  
a realignment there that may re-  
sult in the selection of a "pro-  
gressive." Colt, whose term would  
have expired this year, could have  
won re-election. But it is not so  
certain, with his death, that his  
seat can be held for another Re-  
publican regular.

In South Carolina La Follette  
influence is being thrown behind  
Congressman J. F. Byrnes, a pro-  
gressive Democrat, against Sen-  
ator Nathaniel Dial, in the sena-  
torial primaries.

Although on its face purely a  
Democratic contest, the result is  
one in which, as in many states  
and districts, is more important as  
affecting a possible La Follette fol-  
lowing of increased strength in the  
sixty-ninth Congress.

## MOVIES

Jackie Coogan at Princess

The long heralded Metro produc-  
tion "Long Live the King" starring  
Jackie Coogan, came to the Princess  
theatre today. Particular interest is  
attached to this latest film of the  
young star as it is his first produc-  
tion under the \$1,000,000 contract  
which was given him recently in ad-  
dition to a half million dollar bonus  
by Metro Pictures Corporation.

From various sources the informa-  
tion was current that a huge sum of  
money was being spent in the making  
of this film and recent reports defi-  
nitely fix the sum as \$600,000. Of  
this huge amount nearly two-thirds  
was spent on the construction of the  
magnificent sets which furnish the at-  
mosphere of "Long Live the King,"  
and which surround Jackie with regal  
splendor.

As is known to millions of readers,  
"Long Live the King" was adapted  
for Jackie from Mary Roberts Rine-  
hart's novel of the same name. The  
plot is set in the mythical Balkan  
Kingdom of Lavonia and hinges  
around the escapades of the little  
Crown Prince (played by Jackie),  
who is beset by a band of terrorists  
who threaten to seize the government.

## "His Last Race" Castle

When all is said and done, it is the  
function of the screen to represent  
life in terms of physical action. It  
has not the cramped and confining  
limitations of the dramatic theatre,  
and is therefore the ideal medium  
for dealing in vast spaces, wilder-  
ness, and stories of the savage un-  
tamed which appeal to the primitive  
man in us all.

Seldom have these advantages been  
so well capitalized as in "His Last  
Race" a production termed "a thrill-  
o-drama", because of the alterna-  
tion of primitive thrills and civilized  
drama. Richard Carleton, disappoint-  
ed in love, sets out to forget the girl  
in a whirlwind of adventure. He  
matches his courage and endurance  
against a famous wild horse, Mankiller,  
and it is evident to the most jaded  
fan in the audience that he really  
risks his life in capturing the infuri-  
ated beast. Follows a sequence of  
such horsemanship as the screen has  
never seen before—a sequence which  
leaves one firmly convinced that Rex  
(Snowy) Baker could ride a cannon-  
ball or a comet if he wished.

Then the action switches to serious  
drama, splendidly interpreted by one  
of the most pretensions-casts ever  
assembled for one production, Gladys  
Brookwell, Pauline Starke, Noah Ber-  
ry, Robert McKim, Dick Sutherland,  
Harry Depp, Tully Marshall, Alec  
Francis and many other screen cele-  
brities are exhibited at their best—  
and one is amazed to discover that  
Baker can troupe as well as any of  
them.

"His Last Race" will continue at  
the Castle Theatre for today and  
Tuesday.

Complete Relief Guaranteed in 24 Hours

At last Hay Fever has

science. A remarkable new  
prescription by a Cleveland  
specialist is guaranteed to

Cleveland, Ohio, is known as  
Dr. Platt's Rinex Prescrip-

now proves that Hay Fever  
is due, not to mere surface  
irritation, but to an actual  
infection of the entire system  
caused by the absorption of  
raw protein from pollens float-

ing in the air. Other treat-  
ments do not attempt to get  
at this internal cause. But  
Rinex prescription, taken in  
convenient capsule form, goes  
direct to this infection all  
through the system, and neutral-  
izes it completely—without nar-  
cotics or harmful drugs or any  
bad after-effects. The result  
in 95 per cent of all cases is  
complete relief in 24 hours.

No matter how long you  
have had Hay Fever—no mat-  
ter where you live, or how  
many other treatments you  
have tried in vain—Dr. Platt's  
Rinex is positively guaranteed  
to bring you complete relief in  
24 hours—or it costs you nothing.  
If you want to be satisfied

School days are nearly here and the clothes problem again con-

good clothes are essential to successful work in the class room.  
Clean, well pressed garments also insure the health of your children.

## WORLD'S GREATEST IN MEET OPENING TODAY

Winner at Forest Hills Will be Entitled to Consider Himself World's Champion Tennis Player

### 85 PLAYERS IN FIRST ROUND

By HENRY L. FARRELL  
(U. P. Staff Correspondent)

Forest Hills, L. I. Aug. 25—All the world's greatest tennis players, without a single exception, start today on the courts of the West Side Tennis Club in the chase for the men's doubles national championship.

Because of the international class of the entries, the winner will be entitled to consider himself the world's champion, but there can be no title awarded as such, owing to a ruling of the international tennis federation.

Eighty-five players from eight nations will start in the first round. There are better players from more nations than have ever been entered in a tournament before and the matches are even more international than the recent Olympic matches in Paris.

Leading the entries are three recognized champions, who have a just claim to a world's title, as it formerly was understood William L. Tilden, the greatest player in the world, Vincent Richards, the Olympic singles champion and Jean Borotra, the Wimbledon champion.

**TROPHY FOR WEEKLY SHOOT**

The usually bi-weekly shoot of the Rushville gun club will be held Wednesday on the old fair grounds east of this city, and an added attraction will be a trophy to be represented to the high mark shooter. All members of the club are urged to attend and enlarge in the shoot, and the prize will be awarded only to club members who participate. The nature of the trophy was not announced today.

## KEEPING ONE EYE ON THE SCOREBOARD

Yesterday's hero: Dutch Weiss, rookie outfielder, drove in two runs with a single giving the Cubs a 2 to 1 victory over the Giants.

Babe Ruth's 39th homer with one on was the best the Yankees could get off Dutch Leonard and the Tigers won 7-2. Homers by Cobb and Manuss helped the Tigers.

Hornshy hit a homer, a triple and two singles helping the Cardinals take a double header from the Robins at 7-6 and 17-0.

The Senators climbed within one point of the lead when they won their seventh straight game, beating the White Sox 4-1. It was the twelfth successive loss for the Sox.

## Olympic Trainers Get Credit

By HENRY L. FARRELL  
(United Press Sports Editor)

New York, Aug. 25—America's success in the Olympic games was due not only to the possession of a large number of superior athletes, but also to the care and fine treatment given the athletes by the managers and trainers of the team.

Charles Dean and George Brown, the two managers of the team, were on the job constantly, and their concern for the comfort and welfare of the team was in striking contrast to the actions of the management of the 1920 team, who acted on the assumption that the team was not composed of school boys, and that they could take care of themselves.

During the games the managers and coaches of the team were not well acquainted enough with the head waiters of the Montmartre cabarets and the other bright-light places in Paris to call them by their first names and get choice tables. They were at Roquecourt and the Colombes village with the athletes. They also had a team of men, but they knew that the job of getting ready and competing in the games was enough to occupy the attention of the men without bothering them with the task of finding something to eat and some place to sleep, as the athletes had to do in Antwerp.

The coaching and training of Lawson Robertson, Walter Christie, Alonzo Stagg, Eddie Farrell, Bill Haywood, Johnny Magee, Tom Kenne and Jake Weber was splendid, and the results of their attention, care and hard work was plainly apparent. There were no star athletes hurt or injured in training before the games, as there were in Antwerp. With the exception of a few bad breaks in actual competition the coaches were able to get about 100 percent strength out of the team.

While the team was most admirably handled there were brought out a few defects in the management, which probably will be corrected when the arrangements are being made in 1928 for the trip to Amsterdam.

The only complaint the athletes made—and it was not in the bitter spirit that almost caused a rebellion in Antwerp—was that the camp was too far away from the Colombes stadium. No place could have been picked as a more ideal place to live than the Murat chateau at Roquecourt, and its lone bad feature was not the result of poor judgment on the part of the American committee, but came as a result of the failure of the transportation to live up to the promised speed.

The Roquecourt villa was located about 12 miles from the Colombes stadium, and it was natural, perhaps, that Americans should figure that the trip would not consume more than 30 minutes over good roads. But the drivers of the busses operated on a schedule that was regularly about an hour and sometimes more.

It was mentioned previously that many times the athletes who competed in the late events on the program did not arrive at their camp until the kitchen had closed. This was not the fault of the committee, however. No American had thought of the possibility of having the games started at three o'clock and finishing as late as 9.

It had been planned to house the athletes scheduled in early events overnight at the Colombes village but the accommodations were so poor that another carefully-made plan had to be abandoned through no fault of the committee.

The bouncing and jostling in a bus over 12 miles did not help the athletes, and the irregularity of meals was also a handicap, but the athletes knew that the French committee was to blame, primarily, and they didn't grumble.

The American committee, in the past, has had bigger problems to face than the managers of European teams, and the same problems will have to be faced in the future. It is reasonable to believe that in such good hands as the team was this year that these bigger problems will be met.

The Fins had an ideal camp. They were situated in a quiet village, near Colombes, within easy access of the stadium. The Americans might have had, and would have had a place just as good, if they only had the care of 70 athletes. But when there are more than 300 men and girls to take care of, the task is a tremendous job. There was not a spot closer than Roquecourt where the American committee could find space to house and feed such a small army of athletes.

Another slight defect in the management can be corrected in the future. There should be some way of separating the athletes who have finished competition and those who are still in training. The committee should keep the various units of the

team together. The boxers and swimmers should not be housed near the track athletes.

It is only natural that a young athlete who has been training for months should seek a little entertainment after he has finished his competition. He should be allowed to keep the lights on after hours and sing and dance if he wants to. But he should not do his celebrating in the same hut where a less fortunate competitor is trying to get some rest for a hard competition on the following day.

These are all only minor grievances, however, and they can be corrected. Under the circumstances the American committee could not have done a better job. They had a big task—and they delivered.

## KLAN THREATENS TO REMAIN ISSUE

The long distance telephone and reached Dawes with the word that the president wanted to confer with him before he went west. It was understood the Klan would be the chief topic at the conference.

With politics re-established as the principal topic of conversation here, the president appropriately received his old political mentor, James Luey, a philosopher of Northampton, Mass., who is a candidate for the state legislature.

Luey drove up early and found the president finishing breakfast. The old friends greeted each other warmly.

The cobbler re-called the president's words to him at the time Coolidge entered the White House—if it hadn't been for you I wouldn't be here," in referring to his own candidacy for the legislature.

"It hadn't been for you," said Luey, "I wouldn't be in politics now."

Luey assured the president that they both would be elected in the fall.

The president and his family attended church in the afternoon and heard the Rev. John White deliver a sermon on "The Inspiration of Divine Guidance."

Tomorrow the president will receive a thousand members of the middle-western granges on the lawn of his father's home.

## Klan Candidate Wins

Dallas, Aug. 25—Felix D. Robertson of Dallas, Klan candidate, has conceded defeat by Mrs. Miriam Ferguson of Temple, for the Democratic gubernatorial nomination upon the basis of partial returns from Saturday's run off primary.

Returns from 230 counties out of the state's 252, including 67 complete gave Mrs. Ferguson a lead of nearly 110,000 votes over the Klan candidate, according to tabulation made by the Texas election bureau at 10 o'clock Sunday night.

Mrs. Ferguson vote, according to the latest tabulation, was 403,060 and Robertson 324,297. Texas election bureau officials today predicted a total vote of 850,000 when all returns are in. Available returns have already surpassed the state's record ballot of approximately 702,000, set in the initial primary July 26.

Judge Robertson sent Mrs. Ferguson a message of congratulation upon her nomination Sunday and later in the day issued a statement here in which he declared: "I will abide by the dictates of the people."

SUPERMAN OBSESSION DRIVE LEOPOLD TO DEED

Clarence Darrow Makes Assertion in Continuing Argument in Leopold-Loeb Case

WAS A FOLLOWER OF NEITSCHKE

(By United Press)

Chicago, Ill., Aug. 25—Nathan Leopold was driven on to the participation in the killing of young Robert Franks by "the superman obsession," Clarence Darrow said in his argument on the Leopold and Loeb case today. "Along with this obsession there was perversion."

Darrow pointed out that Nietzsche was insane for many years before he died, stating his philosophy was a specie of insanity. "It is no wonder that this boy was obsessed by the teachings and adopted them himself with the idea that he could do what-

ever he pleased without regard for others," Darrow stated.

Universities, the libraries and the publishers are more to blame for the acts of Leopold than the youth himself because it was in those places and from those persons, that he made the acquaintance of Nietzsche," Leopold's defender charged.

"I have no doubt that he would never have participated in this mad act but for the fact that he took this philosophy literally," he said.
